

# IMPORTANT CHANGE!!

## 2020 COVER CROP PROGRAM

All fields signed up must have current soil test (within the last 4 years) and copies must be turned in to the office

*All other program parameters remain the same*

- applications due first week of July
- fields ranked on present land use, proximity to watercourse and soils
- \$12 per acre reimbursement
- Certified seed or ODA germination tested seed only
- 
- Limit 200 acres
- No restrictions on killing/harvesting of cover crop
- NRCS seeding rates and dates will be followed
- Notify SWCD within 5 days of planting
